

NEW ESTABLISHMENT

ISAAC W. GOODHUE,
MANUFACTURER OF
Umbrellas, Parasols, Canes &c.
No. 11-2 (Up Stairs.)
Barlow's block, BANGOR

MY FRIENDS and the public generally
that he has just up and opened a shop in Bar-
low's Block, for the purpose of manufacturing and
repairing Umbrellas, Parasols and Canes, and
also repairing and making up Wigs, and doing
every thing and kinds of delicate jobbing in con-
nection with a milliner or wood

He has a good Stock of Gingham, Silks, ac-
cording to the fashion of Paris, &c., to complete al-
most every article in his line, in order

Mark C. of superior quality, as well as ready market for it. Violin Strings, Bridges, Reeds & Ingards, Louis, Harp, Horn, &c.

On 11th inst. received a splendid article of CAI from the Hon. J. R. IVES, which have received high personal notice.

L. W. GOODRUE has had much practice this 11th inst. with the approval of another or a few more, and has been very successful in his practice. I am now will be employed to make work exceptible to his patrons, and to have it executed the promptness, and at fair rates.

1871. Stoddard

Holden's Alternative and TONIC MIXTURE.

Is the best combination known for changing the unhealthy secretions of the Stomach, and giving strength to that organ, and for running down the system.

[illegible]

Home Testimony.

We the undersigned, have our names on an authentic copy of Holden's Alternative and True Method of Cure, which is a very valuable preparation, and we are confident that it will cure all the Great Cuts.

Dr. Aaron Young, J.
David Worcester, Jr.
Wm. H. Vinton, Jr.
Hiram C. Hastings,
J. S. Sargent,
L. W. Patton,
John Appleton.

There is not a single name of Holden's Alternative in this book, and we are confident that it will cure all the Great Cuts. It is a very valuable preparation, and we are confident that it will cure all the Great Cuts. It is a very valuable preparation, and we are confident that it will cure all the Great Cuts.

Permanent Liquid Hair Dye.
 One preparation, which is entirely different from any other preparation of hair dye on the market, is free from all noxious properties, which can be tested by taking a lock of the hair and most delicate hair of an infant, and exposing it to the action of the dye for 24 hours. The texture of the hair, which is so delicate, is not injured, which is a strong evidence which can be given that it is not poisonous. On the contrary, it gives roses the lustre of the sun, promotes the growth of the hair, and is the only hair dye which is not unhealthful. Other preparations, after the hair is colored and dry, will not grow back, fade

[illegible]

The most unfortunate and protracted case I have known of was that of a young couple who had been married six years who might have been cured by the extract of Sassafras, prepared by O. M. Ballard's chemical process. 146 Cornhill Street, New York.

Sold at large in Chicago by Dr. W. LADD

O. M. BALLARD'S
Magic Hair Dressing

It is the best hair dressing ever used. It cures itching humors, keeps the scalp cool, moistens the hair, and prevents it from falling out. It is sold everywhere.

WEDNESDAY, SEPTEMBER 12, 1899.

The Election.

returns of the election came in very

in some parts of the State there seems

to have been much activity, while in others, re-

sults are not yet in.

The greatest interest seems now to be

in the character of the legislature, and how

the particular personal and other interests in

the matter may be partially seen in the election

of Bradbury in Eastport and G. W. Stan-

ard in Bangor. We must wait while in order

to get the matter and to determine who

will be the victor, and how

the results will be.

So far, the Bangor slate among

opponents seems to be on the decline.

account of the return of the 7th Ward

being recorded at the Aldermen's room, we

were unable to complete our tables

of city vote but now give them from the

record.

Horticultural Exhibition.

The first exhibition of the Bangor Horti-

cultural Society will be held in the city on tomor-

row afternoon and evening, at the Hall in Biet-

son, a new block on State St., containing on

French Street. It is very desirable that every

cultivator in the city should exhibit specimens

of his fruit, flowers and vegetables, not only

for the sake of the exhibition, but for the

purpose of showing to the public the results

of his efforts, and the progress of his

industry. Those who have been successful in

the cultivation of the soil, and who have

been successful in the production of the

best specimens of the various fruits, flowers

and vegetables, will be able to show to the

public the results of their efforts, and the

progress of their industry. Those who have

been successful in the cultivation of the soil,

and who have been successful in the produc-

tion of the best specimens of the various

fruits, flowers and vegetables, will be able

to show to the public the results of their

efforts, and the progress of their industry.

Those who have been successful in the cul-

tivation of the soil, and who have been suc-

cessful in the production of the best speci-

mens of the various fruits, flowers and veg-

etables, will be able to show to the public

the results of their efforts, and the progress

of their industry. Those who have been suc-

Look out for Burglars—Secure your House.

We learn that the dwelling house of Mr

Stephen Walker was entered by robbers on

Monday night. There is in our midst a desper-

a and daring band of robbers, and people can-

not be too careful in securing their dwellings.

On the third day of September, a blue chest

belonging to a colored seaman, was left on the

upper plankton wharf, while the sick man was

carried to the hospital. The chest was missing,

and no information concerning it or its restoration,

will be the poor fellow very much.

We learn from Mr. Woodard the Agent, that

the Proprietors of the Steamer Kennebec, have

employed a Physician to travel professionally, in

their boat, during the prevalence of the Cholera,

who will give his professional assistance gratuitously

to all passengers who may require his aid.

The boat has been thoroughly cleaned, and every

precaution taken to guard against disease.

The President reached Washington on Sat-

urday.

Henry Clay arrived at Albany on Saturday,

and left immediately for Utica, where he would

remain until Monday.

Hon. A. Newman, member of Congress from

Virginia, died at Pittsburgh on Saturday afternoon,

after a short illness.

The weather is delightful and fine lately.

The crops are improving up in good style, and

the farmers have much to encourage them.

Franklin to Mr. Lowell, and Mr. Cushing,

of the United States, for papers received on

Friday, in advance of the mail.
